Dear Friends,

We are so grateful for your thoughtful gift of \$500.00 to Shriners Hospitals for Children®, for its Spokane location.

Your support is bridging the gap of access to treatment for so many families in need of our specialized orthopaedic care. No child or parent should have to worry that they may not have the means for receiving help in order to start life with a healthy foundation, which is why at the Spokane Shriners Hospitals for Children all pediatric care is provided regardless of a family's ability to pay.

Through your loving advocacy, kids like Reilyn are more active, stronger and healthier than ever before. Suffering from severe scoliosis from a very early age, Reilyn couldn't even bend over to pick up something off the ground. With bracing for several years followed by spine surgery at the Spokane Shriners Hospital using high-tech MAGEC rods, Reilyn's curve went from 66 to 22 degrees the very same day!

Because of you, Reilyn and thousands of other children in our community facing similar struggles have the chance to enjoy the simple pleasures of just being a kid. *Thank you for helping these families provide their children with this vital cornerstone of care for a happy and healthy future!*

Sincerely,

Angelique N. Heizen
Director of Development

Thank you so much for this thoughtful support as a result of your train show! We are so grateful for your generosity and impact for our kids!

In accordance with IRS regulations we confirm that no goods or services were provided by Shriners Hospitals for Children® in return for this contribution.
